DICTATOR

Fipronil 10% + Diafenthiuron 30% WG
(Insecticide)

Read Leaflet Before Use

Fipronil 10% + Diafenthiuron 30% w/w WG is a Broad Spectrum Insecticide. It is recommended for its use to control jassids, thrips and pink bollworm in Cotton.

Recommendation:

Crop	Common Name of Pest	Dosage/ha		Dilution in Water (Liters)	Pre-harvest Interval (Days)	Re-entry Period (Days)
		A.I. (g)	Formulation (g)			
Cotton	Jassids (*Amrasca biguttula biguttula*), Thrips (*Thrips tabaci*), Pink bollworm (*Pectinophora gossypiella*)	75 + 225	750	500	7	15

Good Practices relating to pesticide application techniques

Direction of use: Measure required quantity of the product and mix it well with a small quantity of water. Add the remaining quantity of water as specified with thorough agitation for total coverage of crop with suitable knapsack sprayer fitted with hollow cone nozzle.

Weather condition (In general): Spray preferably during morning and evening hours. Do not apply on a windy day or before a rain.

Soil and water (where ever applicable): Only used as foliar application.

Crop stage for Application: Apply first spray during initial appearance of pests and repeat one or two sprays at 15 days interval depending on pest intensity.

Application Techniques: Measure required quantity of the product and mix it well with the small quantity of water. Add the remaining quantity of water as specified with thorough agitation for total coverage of crop with suitable knapsack sprayer fitted with hollow cone nozzle.

Equipment Type: Knapsack sprayer

Nozzle Type: Hollow cone nozzle

Dosage: Please refer above recommendation table for dosage details.

Instruction for Mixing. Measure required quantity of the product and mix it well with a small quantity of water. Add the remaining quantity of water as specified with thorough agitation for total coverage of crop.

Re-entry Period: 48 hours.

Manner & Time of application: Avoid application in afternoon hours. Ideal timing for application is morning and evening hours. Do not spray against wind.

Application Timings: Apply first spray during initial appearance of pests and repeat one or two sprays at 15 days interval depending on pest intensity. Apply maximum three sprays. Spray preferably during morning and evening hours. Do not apply on a windy day or during rain.

Frequency including max number of sprays. Apply first spray during initial appearance of pests and repeat one or two sprays at 15 days interval depending on pest intensity. Apply maximum three sprays.

Stages during which pesticides should not be applied on any crop: Apply only on stage as instructed in crop stage for Application; Do not applied any other stage.

Symptoms of Poisoning: Poisoning may cause symptoms of disturbed behaviors, prostration, lethargy, incoordination, headache, giddiness, vertigo, nausea, vomiting, blurred vision, sweating, excessive lacrimation, salivation, irritability, muscle tremors and in extreme case possibly convulsions may occur.

First Aid Measures. Call the doctor immediately if ingested. If person is conscious and alert, rinse mouth with water and give 1 or 2 glass of water to drink. Never give anything by mouth to an unconscious person. Call the doctor. Do not induce vomiting until and unless desired by attending physician. If inhaled: Take the patient to fresh air and take care of body temperature. If patient is not breathing or breathing with difficulty give artificial respiration. Consult a physician. In case of skin contact: Wash thoroughly the affected part of body with soap and plenty of water including hairs and under fingernails. If pain, redness or irritation persists consult a doctor. All contaminated clothes should be segregated and thoroughly washed with soap and water separately before use. In case of eye contact: Rinse gently with plenty of water at least for 15 minutes. If pain, irritation, redness or lacrimation persists, Consult eye specialist.

Antidote: No specific antidote is known. Give symptomatic treatment.

Phytotoxicity: None phytotoxic at recommended dose.

Storage Conditions: 1. Storage and transportation of the plant growth regulators should be done in such a way that no foodstuff and animal food are contaminated. 2. Store in a cool, dry well-ventilated well-built room of sufficient dimensions and in its original containers, away from foodstuff and animal feeds. 3. If leakage or spillage occurs during transportation or storage, necessary measure should be taken to prevent poisoning and pollution of soil and water. Keep out of reach of children.

Safety Precautions: 1. Keep away from foodstuffs, empty foodstuff containers and animal food. 2. Avoid contact with mouth, eyes and skin. 3. Avoid inhalation of the spray mist. 4. Wash thoroughly the contaminated clothes and parts of the body after spraying. 5. Do not smoke, drink, eat and chew anything while spraying. 6. Wear full protective clothing while mixing and spraying. 7. Do not spray against the wind.

Cautionary Statement: 1. Not to be used for any purpose other than those subscribed on label and leaflets. 2. Destroy the container after use as directed on leaflet. 3. The product is very toxic to fish, aquatic organisms and honeybees thus its uses in and around aquaculture and during active foraging period of bees should be avoided.

Disposal of used containers, washing from equipment and surplus material: 1. It shall be the duty of manufactures, formulators of insecticides and operators to dispose packages or surplus material and washings in a safe manner so as to prevent environmental or water pollution. 2. The used packages shall not be left outside to prevent their re-use. 3. The packages shall be broken and buried away from habitation.

Chemical Composition.

Fipronil A.I.	active ingredient	10.0% w/w
Diafenthiuron A.I.	active ingredient	30.0% w/w
Sodium salt of di-butyl naphthalene sulphonate	other ingredient	2.0% w/w
Sodium alkyl naphthalene sulfonate condensate	other ingredient	6.0% w/w
Sodium lignosulphonate	other ingredient	4.0% w/w
Polacrilin Potassium Dichlorodiol	other ingredient	1.0% w/w
China clay	other ingredient	10.0% w/w
Lactose	other ingredient	Q.S.
Total		**100.00% w/w**
